MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Personnel Report - Week Ending 16 April 1971

1. Additional Post Differential Benefit: Effective 26 March 1971 the State Department modified its Standardized Regulations to authorize payment of a post differential to a career employee of the Foreign Service residing with his or her spouse. Married employees of other Federal agencies who are otherwise eligible also may be granted the differential.

Under the changed regulations, a post differential may be granted to both husband and wife at the same post who have been determined to be career employees of the United States Government. It is not the intent of the regulation revisions to permit payment of the post differential to resident staff, local hire or similar types of non-career employees.
